

# Experience Magical Moments and Memories at Rhino Theatre

Is A Rhino Theatre Summer Day Camp Right For Your Child?

## What We Have to Offer

### We Have Become a Community Staple in Promoting Arts Education and Opportunities for Youth

Rhino Theatre has been in operation for **over 18 years** and one of its primary missions is to impart the **many benefits of the theatrical arts** to our children; the next generation of dreamers, inventors, and performers.

### We Emphasize Community and Inclusion

At Rhino Theatre we put an emphasis on creating an **inclusive community** where children are free to learn, grow, make mistakes, and thrive with **support and encouragement** from staff and fellow campers.

### We Have a Dedicated and Well-Trained Staff

Our staff at Rhino Theatre have **decades of experience** in the areas of theatre arts and education and are all carefully screened by camp staff **to ensure the safety and security of your child** during camp hours.

### We Offer an Element of Choice for Kids and Parents

Our summer camp are contained, week-long programs with a different theme and emphasis each week. There are **no long-term commitments** and **your child can choose the theme** that most interests them to attend. As a parent you can **choose the length of their camp experience** by having them attend one week, several weeks, or the entire summer. We also offer **Early-Drop Off**, **Extended Day**, and **Afternoon Only Camp** options.

## The Rhino Theatre Summer Camp Difference

**It's more than just the spectacle and awe of the performance.  
It's finding the spectacular and awesome in the performer themselves.**

We offer purposefully **smaller camp sizes** that allow us to offer more **personalized attention** to campers to help them focus on **confidence, character, and communication skills** that improve their on-stage and off-stage performances and **success in school, at home, and during extracurricular activities**.

Our camp encourages an environment that gives performers and children new to theatre a chance to **take a break** from high-pressure social situations and the mounting of full-scale musical productions and allows them, instead, to **have fun and foster friendships**; all while **boosting self confidence, self-esteem, and self-image** so they are ready to tackle the next big classroom presentation or show with a brand new set of tools for success.
